

# RISHAB DEB PAUL

## ABOUT ME

I am a third-year Computer Science Engineering student with a specialization in MERN stack development and proficiency in Data Structures and Algorithms using Python. My academic journey has cultivated a strong passion for coding and problem-solving. I can develop web applications, particularly with the MERN stack, and possess a knack for efficient coding practices.

## HOBBIES

Reading Tech News

## EDUCATION

### University Of Engineering & Management, Kolkata

2021-2025 | Degree: B.Tech | Discipline : CSE  
CGPA: 7.73

### Krishnagar A.V High School

2019 - 2021 | Degree: Higher Secondary | Grade: 83%  
2013 - 2019 | Degree: Secondary | Grade: 71%

## PROJECTS

### Portfolio Web Site

I have created a personalized Portfolio Website using a combination of HTML, CSS, and JavaScript to showcase my skills, projects, Visit [My Portfolio Web Site](#).

### To Do List

I have developed a dynamic and feature-rich Todo-List application using React.js, showcasing my proficiency in front-end web development and React framework. Visit [My To Do List Web Site](#).

### Weather Web Site

I have created a Weather Website that leverages the power of Node.js and Express.js to provide users with real-time weather information and forecasts. This project showcases my expertise in server-side programming and API integration.

## PROGRAMING LANGUAGE PROFICIENCY

- Java Script,
- Python

## SKILLS(MERN-STACK)

- MongoDB,
- Express JS,
- Node JS,
- React JS.
